

## luggage tag template

### instructions

**TO GLUE THE TAG PIECES TOGETHER:** Punch a hole at the top of each tag piece. Using a thin line of strong glue (such as E6000), glue the front and back pieces together along the side and bottom edges, making sure to leave the top open.

---

## clear window template

### instructions

**TO CREATE THE INSERT:**  
Use the template below to cut out a plastic window sleeve to insert into the tag.

# luggage tag label template

## instructions

Print out the address cards below on cardstock.
