

### **Four Leaf Clover Paper Pillow**

*Supplies:*  
*pdf pattern download*  
*your choice of green papers – 3 shades*  
*coordinating ribbon*  
*scissors*  
*sewing machine with white thread*  
*chocolate gold coins or other candy goodies*

**Directions:**  
Print out the pdf and use the pattern to cut clover shapes out of your green paper (2 clovers are needed for each finished pillow). Cut a short length of ribbon and sandwich it between the two paper clovers to use as a hanger. Sew around outside edges of the paper clovers, about a quarter inch from the edge. Stop, and insert several sweet treats before sewing the pillow completely closed. Add glitter, sequins or a personalized note before handing out to friends.
